CRITICAL PATH INSTITUTE

Science foundation invaluable to Arizona

The inclusion of C-Path in the Star's centennial "100 Days of Science" series is a most welcome honor.

What needs to be highlighted is the pivotal role that Science Foundation Arizona (SFAz) has played in C-Path's success. SFAz provided over $14 million, a sum guaranteeing C-Path's independence and allowing C-Path to become the trusted, neutral partner of the FDA and the pharmaceutical industry.
