CRITICAL PATH INSTITUTE

Workshop Summary, Advancing the Development and Implementation of Analysis Data Standards, Now Available

C-Path is proud to announce the availability of the workshop summary, *Advancing the Development and Implementation of Analysis Data Standards: Key Challenges and Opportunities*. The workshop, in collaboration with the Duke-Margolis Center for Health Policy and the Food and Drug Administration (FDA), was planned with the support of C-Path data standard expertise, and included a presentation from C-Path Associate Program Director Jackson Burton.

Access the Workshop Summary here.
