

View Now: Teaching Patients and Caregivers: The Role of Education in Research and Data Sharing

The graphic features a background of a crowd of people with overlaid digital data patterns. At the top left, it displays logos for RDCA-DAP (Rare Disease Cures Accelerator Data and Analytics Platform), Critical Path Institute, and NORD. The central text reads '2023 WEBINAR SERIES' followed by the title 'TEACHING PATIENTS AND CAREGIVERS: THE ROLE OF EDUCATION IN RESEARCH AND DATA SHARING'. Below this, it specifies the date '10 AUG 2023' and time 'NOON ET'. A 'REGISTER NOW' button is positioned at the bottom left. Two circular portraits of speakers are shown on the right: Rebecca Aune, MPH, and Aliza Fink, DSc.

Thursday, August 10, noon ET:

- This webinar will focus on the role of foundational education in research concepts, such as data literacy and the research process, in creating a culture of research participation and data sharing in the rare disease space. Intended for patient advocacy groups and researchers who work with rare disease patients, the webinar will provide knowledge and resources to help patients and caregivers understand and engage in the research process.
