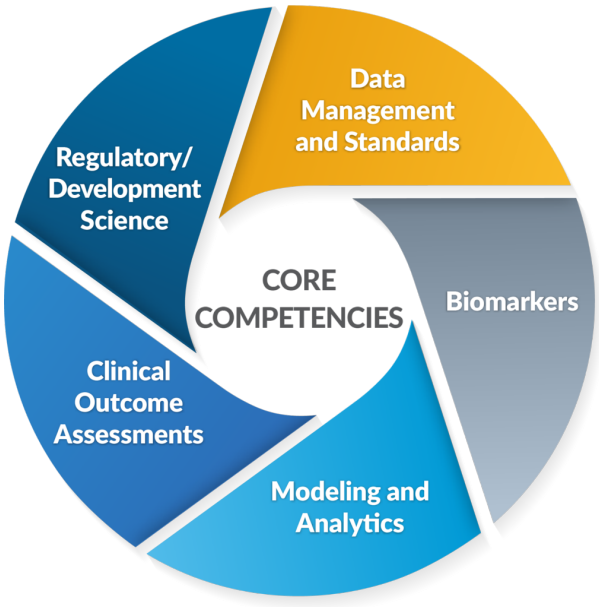
CRITICAL PATH INSTITUTE

C-Path Hosts its Inaugural Global Impact Conference

We are thrilled to host over 300 industry colleagues and friends at the inaugural **Critical Path Institute (C-Path) Global Impact Conference** from September 9-11, 2024, in the heart of Washington, D.C. Hosted at the Washington Marriott at Metro Center, this can't-miss event provided a unique opportunity to integrate key learnings across initiatives within C-Path's expanding portfolio, dedicated to accelerating drug development for conditions in neurology, rare diseases, pediatrics, and more.



Key players from FDA, EMA, academia, research, and patient advocacy organizations joined us to discover how C-Path can assist you in achieving your objectives in drug development. This comprehensive experience features highlights from each of C-Path's Core Competencies, underscoring our mission to lead collaborations that expedite drug development and advance better treatments for people worldwide.
