C-Path to Host Tucson after5 Techmixer at Headquarters

C-Path and the Arizona Technology Council invite you on August 14, from 5:30-7:30, to mingle with other industry professionals as you learn how C-Path became a global nonprofit dedicated to advancing drug development and improving lives.

Discover how we have accelerated drug development over the past 20 years and hear about success stories from the CEO, such as C-Path generated tools and solutions that contributed to the first new treatment and regimen for tuberculosis in over 50 years. and the first-ever computerized tool to transform clinical trial design in Alzheimer's disease endorsed by the Food and Drug Administration (FDA) and the European Medicines Agency (EMA)!

Registration is free for council members and $20 for non-members. Parking is located on the south side of the Cambric Corporate Center, SW corner of River Rd and Campbell Ave.
