

The Critical Path for Parkinson's Consortium (CPP) welcomes PMD Alliance as newest member

PMD Alliance

Parkinson & Movement Disorder Alliance

The Critical Path for Parkinson's Consortium (CPP) is thrilled to welcome the PMD Alliance (Parkinson & Movement Disorder Alliance) as our newest member. The PMD Alliance is an independent, national nonprofit organization that provides opportunities for people impacted by Parkinson's and other movement disorders to learn, live life more fully, and connect with others. Their leadership in providing opportunities for people living with Parkinson's and other movement disorders is well established and recognized with the highest esteem. PMD Alliance membership will enhance CPP's aim to accelerate treatments for Parkinson's with emphasis on patient focused drug development.
