

## View Now | INC 2022 Scientific Meeting

The banner features the INC logo (International Neonatal Consortium, Critical Path Institute) on the left. In the center, a group of diverse healthcare professionals, including a woman with a stethoscope, a man with a clipboard, a woman holding a baby, and a man in a lab coat, stand in front of a hospital bed. The URL [c-path.org/inc](https://c-path.org/inc) is in the top right. The text 'INC 2022 Scientific Meeting' is prominently displayed. At the bottom, a blue bar contains the dates 'Nov. 15 - 16 | Washington D.C.' and two buttons: 'View Now | Day 1' and 'View Now | Day 2'.

We're excited to see you at the International Neonatal Consortium 2022 Scientific Meeting this fall. #INC2022 will feature presentations by collaborators from industry, academia, regulatory agencies (FDA, EMA, and PMDA), patient organizations and more.

The free, two-day workshop will:

- Showcase INC's Real-World Data and Analytics Platform (RW-DAP)
- Discuss the unique value of real-world data in neonatal drug development
- Discuss the role of synthetic, historic and external controls in neonatal clinical trials
- Feature sessions highlighting current neonatal neurology (neuroprotection) clinical trials

**Venue:** The Bethesda Hotel by Hilton, 8120 Wisconsin Ave., Bethesda, MD 20814

We look forward to seeing you in-person in Bethesda this November!
