

C-Path Joins Leading Voices and Organizations in Alzheimer's Research, Drug Discovery and Care to Call for Dramatic New Strategy to Stop Alzheimer's Disease in Report Out Today

Leaders Engaged on Alzheimer's Disease (LEAD) was created in February 2008 as an open network of Alzheimer's-serving organizations to link key stakeholders from the government, business, and civic sectors to increase attention to and awareness of Alzheimer's disease, its care, treatment, prevention, research, and eventual cure.
