

CAMD Access Statistics (through 6/7/16)

Following CAMD's [May 2, 2016, announcement](#) that it will integrate with the Global Alzheimer's Association Interactive Network (GAAIN), the access to CAMD's Alzheimer's Disease Data Collaboration Center has continued to grow, as has the use of the Clinical Trial Simulation Tool. Below are the metrics through June 7, 2016.

Access statistics – CAMD Clinical Trial Simulation Tool (as of June 7, 2016)
