

eCOA Clinic #1 | Bring Your Own Device (BYOD)

The graphic features the eCOA logo (Electronic Clinical Outcome Assessment Consortium, Critical Path Institute) and the title "eCOA EDUCATIONAL SERIES". The main event title is "eCOA Clinic #1 BYOD (BRING YOUR OWN DEVICE)". Below this, it says "Bring all your questions (and opinions) on BYOD for our expert panel to discuss!". The date and time are listed as "12 DEC 2023" and "10 - 10:30 AM ET". A "REGISTER NOW" button with a bell icon is present. The moderator is Scottie Kern from C-Path. The panel consists of six experts: Chris Barden (Kayentis), Kelly Dumais (Clario), Lisa Charlton (Science 37), Flo Mowlem (ObvioHealth), Karl McEvoy (YPrime), and a sixth expert whose name is partially obscured.

Join us for our first **eCOA Clinic**! This event offers attendees the chance to bring any questions (or comments) you may have on the topic of **BYOD** for a panel of experts from eCOA Consortium Members to discuss. This 30-minute eCOA Clinic is brought to you by the eCOA Consortium and is the third offering from our eCOA Educational Series. Submit your questions in advance or bring them on the day.
