## **Patient Engagement Webinar Hosted by SFA**

**We are cordially inviting you to  
our Patient Engagement Webinar**

**Hosted by:**  
**Brandi Felser, SFA CEO**

## **Take Part in this Sarcoma Patient Partnered Research Webinar**

**Our goal is to better understand the current therapies being used for  
rare and ultra-rare sarcomas.**

### **Presented By:**

**Marco Schito, PhD**

Executive Director of C-Path's CURE Drug  
Repurposing Collaboratory (CDRC)

**William D. Tap, MD**

Chief of the Sarcoma Medical Oncology Service  
at Memorial Sloan Kettering Cancer Center

Memorial Sloan Kettering  
Cancer Center

**Tim Stuhlmiller, PhD**

VP of Scientific and Medical Affairs

**Lennie Woods**

Executive Director and co- founder of the  
Clear Cell Sarcoma Foundation (formerly  
Sara's Cure)

### **DATE**

**January 18th  
1:00 – 2:30 EST**

### **LOCATION**

**This will be a virtual  
webinar**

### **Registration**

### **PARTNERS & COLLABORATORS**

**Join Us for a Groundbreaking Patient Engagement Webinar Hosted by SFA**

Sarcoma Foundation of America is dedicated to fostering the development of innovative treatment options for those affected by sarcoma. In collaboration with the esteemed CDRC Sarcoma Task Force, we are excited to present a pioneering project that delves into the potential of repurposing existing medications for the benefit of sarcoma patients. This initiative is at the forefront of leveraging real-world data—from electronic medical records to invaluable insights shared by patients and their healthcare providers. The goal is to illuminate the path to cost-effective treatments, harnessing the power of existing drugs that, while proven safe, require further evidence to support their novel application in sarcoma therapy. Be Part of the Change: Your involvement is crucial in propelling this research forward, paving the way for new, accessible treatment avenues for the sarcoma community.
