GLOBAL IMPACT CONFERENCE

WASHINGTON, DC | SEPT 9-12

We are thrilled to invite you to the inaugural Critical Path Institute Global Impact Conference taking place this September 9-12, in the heart of Washington, D.C. This can't-miss event will delve into key initiatives within C-Path's expanding portfolio dedicated to accelerating drug development for conditions in neurology, rare diseases, pediatrics and more. Come and learn how C-Path can assist you in achieving your objectives in drug development.

This comprehensive experience will feature highlights from each of C-Path's **Core Competencies**, driving our mission to lead collaborations that accelerate drug development and advance better treatments for people worldwide.

Join forces with colleagues and advocates from diverse sectors, including industry, regulatory bodies, academia, patient organizations, and the vibrant patient community. The **C-Path Global Impact Conference** promises a dynamic agenda, bringing together a multitude of voices and perspectives to cultivate collaboration and open dialogue.

Stay tuned for forthcoming communications including the conference agenda and registration link. Your participation is key to making this event a resounding success!
