

## Pediatric Asthma Working Group

12<sup>th</sup> Annual PFO Consortium Workshop – Held Virtually on April 14-15, 2021

### Background

**Advocate for Pediatric Asthma Working Group (AWG)**

The Pediatric Asthma Working Group (AWG) is a consortium of pediatric asthma experts from across the United States who meet regularly to discuss the latest research and clinical practice in pediatric asthma. The AWG is a part of the Pediatric Forum Organization (PFO) Consortium, a national organization of pediatric forum organizations that work together to advance the field of pediatric medicine.

The AWG is a part of the PFO Consortium, a national organization of pediatric forum organizations that work together to advance the field of pediatric medicine.
