## Tick activity on the rise | Health Smart

Warmer weather means more people will be outdoors and ticks are more active, so prevention is key. The WellSpan Health infectious disease expert says Pennsylvania is among the top states for Lyme disease.

[Check out the interview and tick tips here.](#)

## Overview of the CDRC Annual Meeting

The CDRC Meeting on April 18th- 20th was a great success! Stakeholders, advocates, regulatory agencies, and many more were represented. There were many keynotes speakers, presentations, and discussions that occurred. This meeting stressed the importance of working together across agencies and organizations to address the challenges in drug repurposing.

We appreciate everyone who came and we look forward to future collaboration.

## Awareness Month

## CURE ID/CDRC Social Media Ambassador

## Looking to become a social media ambassador?

CURE ID is looking to recruit individuals interested in help promoting our web-based app. The platform enables healthcare providers to share their real-world experiences treating patients with repurposed drugs. We currently have 20 social media ambassadors and looking to expand.

This is an unpaid position but can win CURE ID/CDRC swag.

This is a competitive opportunity to bring on more followers, tweets, discussion posts, and win some swag!

If interested please reach out to [cbassetti@c-path.org](mailto:cbassetti@c-path.org)

## Be Heard

## Tell Your Drug Repurposing Story in 2023

Our Impact stories share the value and impact C-Path's and CDRC's work brings to patients, patient organizations, drug developers, the academic community, regulators and more. Enjoy and share! [Impact Stories | Critical Path Institute \(c-path.org\)](#)

Reach out to the Communication and Patient Engagement Manager, Claire Bassetti at [cbassetti@cpath.org](mailto:cbassetti@cpath.org) if interested in sharing your story through an Impact Story.

## Joining the CDRC

The CURE Drug Repurposing Collaboratory (CDRC) is a public-private partnership initiated in June 2020 by C-Path and the U.S. Food and Drug Administration (FDA) in partnership with the National Center for Advancing Translational Sciences (NCATS), part of the National Institutes of Health (NIH).

If interested, please feel free to get involved with the CURE Drug Repurposing Collaboratory (CDRC), here: <https://c-path.org/cdrc>
