Help us spread the word!  
It's quick and easy!  
Follow the steps below to share  
with your network on social media  
and extend our reach.

## STEP 1

Start with some key messages or share your own:

Are you a **SPEAKER** at a relevant event? Here is one way you can spotlight your participation and amplify INC's impact.

**@CriticalPathInstitute's** International Neonatal Consortium accelerates the development of safe and effective therapies for preemies by engaging the global community, including **Neonatologists**. Find out more about how INC spurs collaboration to address neonatal needs: <https://c-path.org/inc/>

**@CriticalPathInstitute's** International Neonatal Consortium Neonatal Adverse Event Severity Scale is the first tool to provide a standardized, infant-specific framework to consistently assess severity of the most commonly reported events experienced among critically ill infants. Learn more about how INC is helping neonatologists make informed care decisions: <https://c-path.org/inc/>

Consistent and reproducible intervention safety assessments are critically important for neonatologists in clinical care, research and safety surveillance. To find out more about how **@CriticalPathInstitute's** International Neonatal Consortium spurs collaboration to address neonatal needs, go to: <https://c-path.org/inc/>

I'm proud to be speaking at **<event name>** this year and plan to highlight the important role **@CriticalPathInstitute's** International Neonatal Consortium plays in understanding adverse events in preemies. Learn more: <https://c-path.org/inc/>

Infant safety is critically important in both clinical care and research. To find out more about how **@CriticalPathInstitute's** International Neonatal Consortium brings together stakeholders – including neonatologists – to address neonatal needs, go to: <https://c-path.org/inc/>
